Damm

Rumour has it...

the Damm is the hippest place in Zurich, so we think our Damm is simply beautiful, a colourful urban oasis in the middle of the action and yet so very different.

Our sailor's bar has its very own charm and some people have already fallen in love with our garden, others have come closer to heaven on our three decks.

Not to mention our parties under the starry sky and the oak trees.

Bar

Many a globetrotter has dropped anchor in this little bar or set sail. It's a coming and going and yet very intimate.

A meeting place for prodigies, city nomads and crazy life stories.

Events

Am Damm is a great place to celebrate.

We have fire bowls, mulled wine and a well-stocked bar. But we also fulfil every other wish for you.

Whether it's a birthday, company party, mountain festival, photo shoot or celebration, am Damm makes the most wonderful memories.
